

Community Donation Information

Durango Natural Foods is committed to promoting community health and sustainability, and is happy to donate to community organizations. Most support is provided in the form of co-op gift certificates, generally in amounts not to exceed \$25, which can be used to purchase goods from the co-op, as door prizes or fundraising auction items. Occasionally, we are able to fill requests for donated products or other items. Please look over our donation guidelines, then kindly give us some information about your group and donation needs.

Donation Philosophy:

It is the goal of DNF to support organizations that are working toward increasing the health of the community and/or the environment. Priority is given to neighborhood organizations and events focusing on food and nutrition issues, community building, sustainability, environmental preservation, cooperative values, alternative/complementary health care or addressing social concerns.

Guidelines:

DNF's donations are intended for organizations, not individuals.

- * the organization's mission must be in line with DNF's donation philosophy.
- * donation request must be made 14 days before donation is needed, we will consider last minute donation requests, but be advised that donation dollars may already be allocated for the current month.
- * Priority is given to organizations that are local.
- * Priority is given to organizations that support DNF.

In Exchange:

We request that you use our name in your publicity for the event whenever possible and set out a small sign identifying DNF's contribution to the event, if applicable (we can supply the sign). In addition, we'd like a copy of your publicity materials for our records.

Please fill out the attached Donation Request Form and return it to DNF. If you have any questions about your donation, please contact Minna Jain at 970-247-8129 or email outreach@durangonaturalfoods.coop

Donation Request Form

Your Name: _____

Today's date: _____
